Sponsorship Opportunities

The Heart of Chicago's South Side, We Are Bridgeport!

Made In Bridgeport is more than an event. It's a celebration of the local businesses, entrepreneurs, makers, artists, and organizations that give our neighborhood its unique character.

As a sponsor, you're not just placing your logo on event materials. You're showing your commitment to the Bridgeport community while putting your business in front of local residents, business owners, community leaders, and decision-makers who value supporting local.

Whether your goal is to build brand awareness, strengthen community relationships, generate new business opportunities, or demonstrate your investment in Bridgeport's future, sponsorship offers meaningful exposure before, during, and after the event.
